

JOURNAL OF SURGICAL RESEARCH

Volume 286, June 2023

CONTENTS

ACUTE CARE SURGERY

- Low-Dose Heparin Infusion as Venous Thromboembolism Chemoprophylaxis in Patients With Blunt Cerebrovascular Injury. *Gregory R. Stettler, Joshua J. Sumislawski, Margot Debot, Ernest E. Moore, and Clay Cothren Burlew* 1
- Increased Complications of Emergent Surgical Procedures During the First Wave of COVID-19. *Christina Colosimo, Bryce Ingram, John Weaver, Patrick Offner, and James Yon* 16
- Geographic Variation in Operative Management of Adhesive Small Bowel Obstruction. *Samuel P. Carmichael II, David M. Kline, Nathan T. Mowery, Preston R. Miller III, J. Wayne Meredith, and Amresh D. Hanchate* 57
- Implications of the Regulation of Endothelial Glycocalyx Breakdown and Reconstitution in Severe Burn Injury. *Vincent A. Basas, Linda M. Schutzman, and Ian E. Brown* 110

CARDIAC SURGERY

- Pulmonary Hypertension and Operative Risk in Mitral Valve and Coronary Surgery. *Robert B. Hawkins, Raymond J. Strobel, J. Hunter Mehaffey, Mohammed A. Quader, Mark Joseph, Alan M. Speir, Leora T. Yarboro, and Gorav Ailawadi* 49
- Complement Cross Talks With H-K-ATPase to Upregulate Runx2 in Human Aortic Valve Interstitial Cells. *Xin-sheng Deng, Xianzhong Meng, David Fullerton, Matthew Stone, John Iguidbashian, and James Jagers* 118

GASTROINTESTINAL SURGERY

- Impact on Cardiovascular Health of Using Phentermine/Topiramate in Combination With Laparoscopic Sleeve Gastrectomy in Super Obesity. *Marionette S. Jayaprakash, Daniel P. Beavers, Gary D. Miller, Stephen McNatt, Adolfo Fernandez, Shenelle A. Edwards-Hampton, and Jamy D. Ard* 41
- Outcomes of a Colorectal Enhanced Recovery After Surgery Protocol Modified for a Diverse and Urban Community. *Julie Hong, Amory de Roulet, Christopher Foglia, Pierre Saldinger, and Steven Y. Chao* 74
- Are Nerves Left *In Situ* Associated With Less Chronic Pain Than Manipulation During Inguinal Hernia Repair? *Emily George, Molly A. Olson, and Benjamin K. Poulouse* 96

GLOBAL SURGERY

- Met and Unmet Need for Pediatric Surgical Access in Uganda: A Country-Wide Prospective Analysis. *Nasser Kakembo, David F. Grabski, Martin Situma, Margaret Ajiko, Peter Kayima, David Nyeko, Anne Shikanda, Innocent Okello, Janat Tumukunde, Mary Nabukenya, Martin Ogwang, Phyllis Kisa, Arlene Muzira, Nensi Ruzgar, Tamara N. Fitzgerald, John Sekabira, and Doruk Ozgediz* 23

HEALTHCARE DELIVERY, QUALITY, AND SAFETY

- Overlapping Surgeries From the Patient's Perspective. *Yangzi Liu, Shirley Chen, Catherine M. Hammack-Aviran, Brian C. Drolet, and Galen Perdikis* 85
- The Use of Facial Recognition Software and Published Manuscripts to Examine Trends in Surgical Editorial Board Diversity. *Christian Toney, Michelle Shroyer Mathis, and Colin Martin* 104

SURGICAL ONCOLOGY

- Statewide Examination of Access to Cancer Surgery During the COVID-19 Pandemic. *Elizabeth J. Adams, Joe M. Feinglass, Rachel Hae-Soo Joung, and David D. Odell* 8
